## Professional Experience

### Full Stack Developer

Designed, developed, and supported a wide range of projects from the scratch.

- **Vabimeh.ir**
  - *Start date: September 2021, Author: Asr Houshmand Sana Co.*
  - Developed an interactive platform, simulating operators to present insurance plans and calculate prices instantly. Currently serving over five thousand users in Iran.
- **noBorder.tech**
  - *Start date: January 2023, Author: noBorderTeam*
  - Pioneered a global payment solution based on cryptocurrencies. Leveraged NodeJS to develop an automated wallet creator for 12 cryptos. Currently spearheading an advertising campaign for a successful fintech launch.

- **MitraRank.ir**

- *Start date: April 2012, Author: Mitra net pars Co.*
- Engineered a high-traffic advertising platform fostering interactions between advertisers, publishers, and consumers. Currently servicing over thirty thousand users.

- **DM3.ir**

- *Start date: November 2019, Author: Mitra net pars Co.*
- Pioneered a free and comprehensive portal enabling users to create blogs, online stores, formal websites, and more without coding or design skills.

- **PersianLegends.ir**

- *Start date: May 2021, Author: Mitra net pars Co.*
- Crafted the first blockchain-based, play-to-earn Persian online game with over 5 thousand players. Empowered players to own their cards and coins, enabling easy trading in an open marketplace.

## IT Consultant Experience

Provided strategic consulting services to diverse organizations.

- **OH, Engineering Group**

- *April 2022 – March 2023, Tehran, Part-time*
- Revamped the online brand presence of the "Omid Hosseinian Engineering Group," resulting in a remarkable 50% boost in the performance of their interior design department.

- **Tabarzin Sanat**

- *April 2017 - March 2020, Tehran, Full-time*
- Guided a traditional company in implementing automation systems and online processes. Achieved a remarkable 40% reduction in internal costs within two years.

- **Farzam Sanat Novin**

- *April 2014 – March 2017, Tehran, Full-time*
- Led a 5-members, cross-functional, developers' team as a supervisor, delivering over 300 micro-websites catering to various services and clients.

- **Mitra Net Pars**

- *April 2012 - March 2016, Tehran, Freelance*
- Offered strategic guidance and consultancy for five thriving startups over a decade, enabling the provision of 20 advertising services and garnering 30,000 users.

## Education

- **TOEFL iBT® Certificate** Score: 102, Aug 2023
- **Harvard University CS50** Introduction to Computer Science, Online course, Oct 2023
- **Bachelor of Industrial Engineering** University of Science and Technology, Iran, Jan 2006 - Feb 2011
